## Bloemfontein Performance Cancelled

---

Big Concerts announced today that the Elton John concert planned for Bloemfontein on the 23rd March 2010 has unfortunately been cancelled due to scheduling challenges on the South African tour.

The move was necessitated in order to accommodate multiple mid-week Cape Town performances, which have been confirmed for the 24th and 25th March in response to overwhelming demand. Attie van Wyk of Big Concerts responded that the announcement was "regrettable, and an unfortunate consequence of logistics due to the demand for additional shows in Cape Town".

All Elton John fans that have already purchased their tickets to the show in Bloemfontein are eligible for a full refund upon presentation of their ticket at any Computicket outlet in the city, or alternatively they may exchange their existing ticket for the Johannesburg performance at Emmarentia Botanic Gardens on Sunday 21st March 2010.
